

## WHAT OUR MEMBERS SAY about why they renew their membership with CRG:

▶ The Fulton County CRG is focused entirely on improving the economic climate of Fulton County and the Region. Through CRG's efforts we're working to bring companies here, help companies grow, and develop our cities. All of these efforts help our citizens and our existing companies become more prosperous. Our membership directly impacts CRG's ability to accomplish these goals.

~Dr. Dustin Swanger, President

▶ It only makes sense. Why not join a positive organization to help our area grow!

~Stan Kucel, owner

▶ The CRG is a tireless advocate for the interests of all business in Fulton County as well as recruiting new business world-wide. The efforts of the CRG benefit the entire area. Your CRG membership is an investment in your future and the future of Fulton County.

~Jack Scott, President/General Manager

▶ As a longtime member of the CRG Universal Warehouse/SLA Transport Inc. has had many opportunities to be made aware of existing and future companies coming into our area. This has helped enable us in creating new partnerships for the benefit of both parties. I highly recommend joining the CRG.

~David Groff, VP of Operations

▶ The Center for Regional Growth (and its predecessor entities) worked tirelessly in assisting FAGE to establish itself in Fulton County. Their expertise in navigating both the local and state pathways was, and is, immensely appreciated.

Fulton County Center for Regional Growth, and the county itself, has provided greatly appreciated support to FAGE, and we continue to share in a thriving relationship.

FULTON COUNTY CENTER FOR REGIONAL GROWTH

The Mission of the Fulton County Center for Regional Growth is to strengthen our economic base, facilitate sustainable growth, enhance the competitive position of our region, its counties, towns and cities and facilitate investments that build capacity, create jobs, improve quality of life and increase the standard of living for all of its residents.

You can have a part in the success of business in Fulton County!

▶ CRG is creating the economic development future of Fulton County.

# Why Become a Member of CRG?

The answer is simple:  
Partnership = Success

It's a new day at Fulton County Center for Regional Growth. We are working closely with Fulton County and local Industrial Development Agency as the County's appointed economic development and marketing arm. An example of this is the Micro-enterprise Grant Program that we administer for the County. 2015 saw 9 small local businesses become recipients of grant funding—and with the County's continued support, we are trying to match this in 2016!

CRG has implemented a business outreach program. President and CEO, Ronald Peters, visits local businesses each month to offer assistance and support. He also attends a handful of national conferences each year to make

sure that national corporations know about the opportunities here in Fulton County.

Establishing relationships with other organizations is another way CRG attains to success. We support the regional initiatives with Montgomery County. We continue to bring site selectors and retail experts into our area to properly plan for larger economic development projects that will sustain Fulton County far into the future.

Your membership dollars help build new businesses!

We are here to improve economic development in Fulton County and we cannot do it without you. We encourage you to choose a membership level and return your application TODAY.

Together, we can achieve greater levels of success!
